Welcome

We are conducting a research study about the labor market experiences and expectations of Questrom undergraduates. This is a follow-up to a short survey you had taken previously.

Your participation will require approximately 10 minutes and is completed online on your computer or smartphone. For completing the survey, you will receive a $20 Amazon gift card! You will receive the gift card within two weeks.

Taking part in this study is voluntary and you can skip any question you do not want to answer. Your refusal to participate will not affect your grade in this course nor your standing at BU.

There are no known risks or discomforts associated with this survey. There are also no direct benefits to you. However, your participation will help us better understand the labor market expectations and experiences of current students, which may benefit future students.

Your responses will be kept strictly confidential, and digital data will be stored in password protected computer files. BU's Internal Review Board will have access to the study data. A report of this research that is made available to the public will not include your name or any other individual information by which you could be identified. If you have questions or want a copy or summary of this study's results, you can contact Professor Patricia Cortes at pcortes@bu.edu. If you have concerns about your rights as a research subject or want to speak with someone independent of the research team, you may contact the Boston University IRB directly at 617-358-6115.

By clicking "Next", you are agreeing to be part of the study.

Please do not use your browser navigation buttons (such as the back button) when taking the survey. Doing so may generate errors.

Beliefs about Past Questrom Graduates

We would now like to ask you about your beliefs regarding the job search behavior of fellow Questrom graduates, who have graduated with an undergraduate degree in Business in the recent five years. Although you may not know the answer to a question with certainty, please answer each question the best you can.

Consider all male Questrom graduates who graduated with an undergraduate degree in Business in the last five years.

99. According to you, what percent (on a 0-100 scale) of those maleswho started working full-time immediately after graduation negotiated some monetary aspect (base pay, signing bonus, bonus pay) of their starting offer?

0 100

* 100. Consider the male Questrom graduates who negotiated their starting offer. As a result of negotiating the job offer, by how much on average (in percentage terms) do you think their total compensation (including base pay, signing bonus, and bonus pay) increased?

Beliefs about Past Questrom Graduates

Now consider all female Questrom graduates who graduated with an undergraduate degree in Business in the last five years.

101. According to you, what percent (on a 0-100 scale) of those females who started working full-time immediately after graduation negotiated some monetary aspect (base pay, signing bonus, bonus pay) of their starting offer?

0 100

* 102. Consider the female Questrom graduates who negotiated their starting offer. As a result of negotiating the job offer, by how much on average (in percentage terms) do you think their total compensation (including base pay, signing bonus, and bonus pay) increased?

Payment Information

* 103. Thank you very much for your time. Your participation in this study is very valuable in understanding the labor market expectations and outcomes of BU Business graduates.

You will receive a $20 Amazon gift card by email within two weeks.

To be able to send you the $20 Amazon gift card, we will collect your BU email address.

We will also use your BU email address to link your responses to your previous survey. However, no identifying information will be used in any analysis.
